Mary Jo –

I am sharing the attached info with you because I thought it might be good for you to disseminate more broadly among the Regions. There is no huge rush on this, but my thought is that this is likely to be of interest because, for others dealing with CZARA, this may be the first ever disapproval of a state program. (In fact, just to make sure we don't get out ahead of ourselves, it may be best to hold broader sharing until next week.) We have been working closely with HQ on this, so this isn't news for them, but I am doubting there is much awareness in the Regions at this point. Christine is the right point of contact for us here if people have follow up questions.

Thanks, DanO.

All--

See attached for final word and pdf versions of the decision doc and response to comments. I sent off to our web developers so it they will be posted to the web, along with the docket, first thing tomorrow (more likely it will go live this evening since we have a policy not to post live on Fridays).

Please remember these are internal-only docs until Friday. We should not share embargoed copies with press or others in advance of the official announcement on Friday.

Thanks everyone for all their amazing work to get this to final. It truly was a team effort.

Allison
